## [ SUMMARY ]

I'm a Web Developer with a background in music, digital art, and education. As a programmer I utilize my creative skills to write code that forms web applications with aesthetic design and exacting functionality.

## [ WEB DEVELOPMENT EXPERIENCE ]

### Web Developer / Freelance

*Seattle, WA (Oct 2016 - present)*

I provide freelance consultations and development for websites and full stack web apps.

### Web Development Instructor / General Assembly

*Seattle, WA (Apr 2017 - present)*

I taught workshops on web development fundamentals including: HTML5, CSS3, Javascript, and Data Visualization.

### Web Developer in Residence / General Assembly

*Seattle, WA (Jan 2017 - Jun 2017)*

I developed lesson plans on coding fundamentals, web security, databases, front end MV frameworks (Angular and React), and backend technologies (Node and Rails). I performed code reviews and assisted in the planning and execution of web apps. I mentored junior web developers and helped with troubleshooting/debugging.

## [ OTHER EXPERIENCE ]

### Barista / Starbucks

*Kirkland, WA (Nov 2015 - Dec 2016)*

I trained new partners on creating quality beverages and the core values of Starbucks.

### Digital Art Curator / MTIID Digital Arts Expo

*Valencia, CA (Jan 2015 - May 2015)*

I curated several dozen digital and multimedia art projects.

### Machine Lab Technician / California Institute of the Arts

*Valencia, CA (Jan 2015 - Aug 2015)*

I maintained Machine Lab equipment such as 3D printers, CNC machines, and student electronics projects.

### Sleep Technician / Sleep Disorder Center of Central Texas
